PROJECTS

Wanderlust [Link]	08 Feb 2025 – 11 Mar 2025
<ul style="list-style-type: none">Built a full-stack web application that allows users to sign up, log in, and manage house listings with full CRUD (Create, Read, Update, Delete) functionality.Implemented user authentication, session management, and a rating system so users can rate listings based on their experience.Used MongoDB, Express.js, Node.js, EJS, and deployed the project on Render, ensuring smooth performance and public accessibility.
